

Tenant Stories

Tenant: James

I was the first tenant to occupy a flat at Carterknowle Yard, arriving in July 2010. I had left my previous accommodation requiring three things. These were:

Feeling secure

Staff that supported me

A general peace of mind

Since living at Carterknowle Yard and being supported by Hutton Housing, I feel all three have been achieved.

The complex has electronic security gates and key coded doors to the flats and is also in a quiet area of Sheffield. Staff are also on site 24 hours a day

Staff are brilliant and have supported me from my arrival. They have always been there when needed and with their support, I have been able to reduce my support hours. This is through their continued encouragement and due to this I have gained more confidence and independence.

I have recently attended a 3 day music concert unsupported, which when I arrived, I would not have had the confidence or skills to do.
